

Numbers in this table represent all active certificates held by diplomates in the ABMS database. The totals for each board do not reflect the number of individuals certified, as a physician may be certified in more than one subspecialty. Certificates no longer issued are grouped with active certificates. Deceased and retired certificate holders are excluded. See Table 3D for the counts of Subspecialty Certificates issued and Table 2B for Subspecialty Certificate requirements. Footnotes can be found on page 32.
