

Streamline Your Primary Source Verification Process

Add ABMS Certification Data to Your Electronic Credentialing System

Seamless integration of ABMS Primary Source Verification data

To learn more, call (312)436-2600 or e-mail products@abms.org

Add the power of ABMS Direct Connect Select™ to your electronic credentialing system and put all the Primary Source Verification (PSV) information you need in one place. With ABMS Direct Connect Select integrated into your workflow, you have direct access to ABMS' database of board certification information on more than 800,000 certified physicians. Verifying physician certification has never been easier or more efficient.

Now, from your system, you can:

- ▶ Conduct direct queries of the ABMS database using a variety of search elements
- ▶ Search on multiple providers without stopping other program activities
- ▶ Retrieve and store information for current and future credential verification purposes
- ▶ Pre-populate fields in your credentialing software database to simplify workflow

ABMS data includes effective and expiration dates of certification to meet PSV requirements set by The Joint Commission, NCQA, URAC and other accrediting agencies.
