## **ABMS Ambassadors Network**

In 2011, the American Board of Medical Specialties (ABMS) established the Ambassadors Network to increase awareness among state and national policy makers about the value of certification and issues important to the ABMS Member Boards Community.

Ambassadors assist ABMS in building relationships with government and elected officials, among others; serving as an information resource; positioning and influencing policy decisions; and voicing support for Board Certification and Maintenance of Certification. They have the opportunity to participate in multiple grassroots campaigns throughout the year.

If you would like to become an ABMS Ambassador, please contact Hannah Williams at [hwilliams@abms.org](mailto:hwilliams@abms.org) or 312-436-2695.
