How UW Health faculty participate in the MOC Portfolio Program

#1
I have a good idea for an improvement project
OR
I need MOC but don’t know what to work on!

#2
I'll go to the UW Health MOC web site!

Enroll in a pre-approved QI project and implement a UW Health best practice designed to achieve a high priority QI/Safety goal

Create my own QI project, using standard UW Health improvement methods

UW Health MOC Portfolio Practices
Success Factors

• Administered as a partnership between QI and Professional Development
  – The quality improvement team provides education and training in improvement science
  – Quality improvement teams work directly with frontline care teams on high priority improvement projects thus providing physicians with education, training and support for MOC work
  – The professional development team administers the Portfolio Program and assures appropriate reflection is integrated into QI processes and ensures projects meet MOC Portfolio standards
Thank You!!
